About the College

Elphinstone College is one of the premier institutions in the field of higher education in the country. The list of alumni nurtured by the College testifies the commitment of the College towards excellence in the field of higher education. Over the past 161 years, Elphinstone College has established itself as an institution of learning to reckon with, both within and outside country. Besides the aided courses in humanities, commerce and the science stream, the College offers unaided courses of B.Sc. in Information Technology and Bio-technology.

The College has been recently re-accredited with an 'A' grade by NAAC.

About the Workshop

The workshop is focused on descriptive and inferential statistical data analysis tests with the help of SPSS software. The Research analysis of data tends to follow the patterns determined by methodological and epistemological assumptions which broadly could be divided into qualitative data analysis techniques and quantitative data analysis techniques. A quantitative analysis technique which includes approximately simple counting exercise or advanced statistical meaning representing objectives account of social reality.

A good knowledge of quantitative data analysis is essential for progress in academic and corporate World.

It facilitates management of a wide range of data with varying attributes following established procedures. The knowledge of SPSS can offer a professional edge which critical to the findings of Qualitative as well as Quantitative research work for credibility in the academic circles. Through this workshop researchers develop an ability to independent handle their research data, analyze and interpret it based on their research interest.

The objectives of this workshop:

- To disseminate the scientific knowledge of quantitative research analysis among researchers and faculty members.
- To orient researchers about the importance of quantitative data analysis skills in social sciences.
- To highlight the new inferential data analysis test in social sciences.
